## ABOUT ME

I am an enthusiastic Bachelor of Engineering with Honours student (final year) with a major in a Software and a specialisation in Artificial Intelligence.

Education	Bachelor of Engineering (Honours) Victoria University of Wellington	2021 - 2024
Certifications	AWS Certified Cloud Practitioner	2024
Work Experience	<b>Team Member - Bunnings</b> I have been working in the replenishment section of Bunnings. During my time at Bunnings, I worked to ensure that the shelves are stocked, customers are helped and that my duties are completed in a timely manner as I work with other members of the team.	September 2023 - Present
Project Experience	<b>Retro game project at Victoria University</b> For this Java group project, I took a backend role that focused on storing the different game levels and current state of the game using XML. For my role, I made a parser to read XML files and a method to save the current state of the game using XML.  <b>Data recorder group project at Victoria University</b> For this project, each group was given an existing code base to expand and fix issues. My role was in the frontend. I focused on fixing vulnerabilities and helped implement a file downloader for the web app.  <b>Course Visualiser Web App</b> For this project, I was in the frontend, working on designing and implementing small features of a web app.	
Skills	<b>Technical</b> Java, Python, Git Version Control, HTML, CSS, JavaScript, Ruby, Rust  <b>Soft</b> Problem solving, Teamwork, Willingness to learn, Communication
